PLENARY

Dear plenary lecturers!

We are very happy that you will present an invited lecture at the EWCPs2017. You have been selected according to your renowned expertise.

The plenary lecturer will open the thematic session with a contribution of 30 minutes. In the thematic session, there will be >2 invited lecturers of 20 minutes lecturing time. The oral contributions will be 10 minutes, each.

In order to avoid repetition of fundamental knowledge within the oral contributions, the plenary lecturer provides the specific overview of the topic and important achievements in a comprehensive form. Nonetheless, the plenary lecturer will be in contact with you in order to distribute some of these contents. So it might well be that you need to cover some of these contents together. Please arrange this with the plenary lecturer and the other invited lecturers in your session in order to avoid redundancies but giving a complete picture.

You find all details of the oral contributions within your session within the program in ConfTool.

We would like to record your presentation and make it public via our Youtube channel. Please send us back the signed agreement on the last page of this document as pdf.

You can use your own laptop computer but in order not to lose time within the session, we kindly request that you upload your presentation prior to the session.

If you wish to use your own laptop computer, please notify us (also if you use an Apple or Microsoft based computer system).

Please prepare your presentation as power point (compatible) presentation. Note to use common fonts. Note that the power point presentation has screen settings 4:3.

For uploading, please follow the following instructions:

FILE UPLOAD

NOTE: Upload of your contribution has to be accomplished not later than **one day before your lecture**.

Upload can start from now on and has to be accomplished via BOKUBOX using the specific links for each session (please make sure that you upload your file to the right directory) – see end of this file. In case of erroneous uploads, please contact ewcps2017@boku.ac.at immediately.

You can update your presentation by simply uploading the file again with a new Version number (number versions in subsequent numbers V1, V2.....)

Please use the following rules for file names:

Session ID_LAST NAME_Version.pptx

e.g. Your name is FROSCHY and your session is Fundamentals in the oral lecture session 2. And you submit version 2 as the version 1 had some images missing. Thus the file name would be:

FUN-OL2_FROSCHY_V2.pptx

The session ID can be seen in the Conf Tool under My Submissions in blue right under the corresponding submission.
